

## **St Vincent's Catholic Primary School**

### **School Sports Premium 2016 – 2017**

#### **Introduction**

Following the London 2012 Olympic and Paralympic Games the Government has provided funding for schools to secure a significant and lasting legacy for the children. The aim is to develop an enjoyment of sport and physical activity, including swimming (Y4-Y6) and to promote a healthy lifestyle in children from an early age.

The funding provided is calculated by the number of primary aged children between the ages of 5 and 11 years.

**St Vincent's will receive £8894 for this year.**

This funding is ring-fenced and therefore can only be spent on provision of P.E. and sport in schools.

We hope that the opportunities we are offering our children will encourage a healthy and active lifestyle which will last with them into adulthood. At St. Vincent's Catholic Primary School we believe that sport plays an important part as it contributes to the health and well-being of our children. Sporting excellence and participation, alongside strong cultural opportunities, go hand in hand with academic standards.

#### **Aims for our School Sports Premium**

- For all children to enjoy and benefit from high quality P.E. opportunities regardless of sporting ability.
- Some activities may be subsidised so that pupils do not miss out due to financial constraints.
- To make use of the Barking and Dagenham Sports Partnership providing high quality extra-curricular activities for children particularly pupil premium children who may not usually get access to these activities.
- To ensure the most able children are given the opportunity to compete in tournaments with other schools.
- For children to have the opportunity to participate in out of school hours sports activities.
- For staff to have access to training opportunities and professional development to deliver high quality Physical Education to our children.

At St Vincent's we will be using the additional funding to improve our provision of P.E. and sport in a variety of ways.

<b>Activity</b>	<b>Money will be used as follows</b>	<b>Cost</b>	<b>Intended Outcomes</b>
Lunch and after school clubs	Jets Sports Coaches will provide lunchtime and after school sports clubs for children in Reception - Year 6 throughout the academic year	£1850	Provide a wider PE curriculum Increase pupil participation in specialist sports such as; football, netball, basketball and tag rugby. 	Replaced damaged Athletics equipment	£500	Have access to high quality resources. Children become excited to use new equipment and are more likely to take part.

### **The impact of our Sports Premium funding in 2015 – 2016.**

In 2015 – 2016, we received £8899 in Sports Premium funding. We evaluate the impact of the Sports Premium funding as part of our normal self-evaluation and provision mapping arrangements. We will look at how well we use our Sport Premium to improve the quality and breadth of PE and sporting provision, including increasing participation in PE and sport so that all pupils develop healthy lifestyles and reach the performance levels they are capable of.

Measuring the impact of the activities provided with sports premium funding can be achieved in different ways. We will look at progress in PE as well as other areas of development such as self-esteem, confidence and the numbers of pupils involved in sporting activities in and out of school.

Assessments are made both formally and informally using our school assessment systems as well as feedback from staff and visitors to the school. We will also evaluate the impact of professional development opportunities in improving teaching and learning in PE.

There has been a definite growth in the range of alternative sporting activities that we have been able to offer our pupils. There are now sporting clubs running daily, and throughout the week, all pupils from Reception to Year 6 are offered at least one sporting club. We are currently offer basketball, football, futsal, multi-skills, dance and karate.

Below is an outline of our use of the Sports Premium Funding to date and its impact on our school and pupils;

- We employed a specialist sports coach to work alongside teachers in the delivery of the PE curriculum. This is having an impact on the quality of learning as pupils are being taught skills in a more systematic way. This trainer is also a highly qualified football coach and his expertise has enabled us to enter several competitions.
- A wider range of sports clubs were made available for pupils from Y1-Y6. Participation levels increased.
- Year 4, 5 and 6 took part in the Borough Cross Country competition. Some children placed within top 20.
- Year 5 and 6 took part in the Borough High 5 netball tournament.
- Year 4 took part in a friendly Athletics competition with another school in the Borough.
- Years 3, 4, 5 and 6 took part in the Quad Kids Borough Athletics competition. Year 3 placed in the top 10.
- Y6 were trained as young leaders and successfully ran a multi skills event for Reception – Year 5 classes.
